**DETAILED ACTION**

***Response to Amendment***

1. The amendment filed 23 June 2004 has been entered.
  
2. The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.
  
3. Applicant's arguments filed 23 June 2004, have been fully considered but they are not found persuasive.

***Claim Rejections - 35 USC § 102***

4. Claims 99-105 are rejected under 35 U.S.C. 102(e) as being anticipated by Lin et al.. (US 6,362,319) with evidence of Harlow et al. (Antibodies, 1988).

The reason for the rejection has been set forth in the last office action.

Applicants argue that Lin et al. does not teach antibodies that bind the claimed peptide. However, there are fragments which overlap as discussed previously. Lin et al. teach the antibodies that recognize GDNF (columns 5 and 44-46). Although the SEQ ID NO:33-41 are not claimed, the fragments of oligopeptide which is identical to the fragments of GDNF amino acid sequence show sequences which overlap. Since antibodies recognize smaller portion of the whole protein and GDNF has sequences which overlap with Neurtuin the antibodies of Lin et al. would bind a neurturin polypeptide with at least 65% identity to SEQ ID NO:1, 2, 7 and 8. Harlow et al. teach

that only 6 amino acid epitope is needed to generate an antibody (Harlow et al., page 76).

5. No claims allowed.

6. Applicant's amendment necessitated the new ground(s) of rejection presented in this Office action. Accordingly, **THIS ACTION IS MADE FINAL**. See MPEP § 706.07(a). Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the date of this final action.
